WHAT has Ben Ragland promised  
Fred Palmer?

CORN is being burned in this county  
for fuel right now.

As we said two weeks ago, Kansas  
has been redeemed.

THE retirement of the greenbacks by  
the next congress means 8 cents corn  
next year.

ONE of the local republican speakers  
is making a plea for dry docks. Where  
is Dock Cain.

"DAMN the platform its votes we  
want" seems to be the policy of the  
News under the new management.

THEY do say that the local gold bug  
speakers are not being very heartily  
received in the boom corn districts.

THE Coming Nation has received  
90,231 subscriptions since Jan. 1, 1885.  
No other weekly paper on earth has  
made such a record.

THE only ray of hope that lightens  
the pathway of the people is that some  
day the demands of the people's party  
will be enacted into laws.

THE Interior Herald has not "showed  
up" at this office for 3 weeks. What's  
the matter? Is there some more "old  
soldier resolutions" brewing?

THE Appeal to Reason, J. A. Way-  
land's new paper, now eight weeks old  
has over 7,000 paid up subscribers.  
Can any old party paper claim such a  
record.

THE GAZETTE was the only paper  
in this city that did not lose its head  
on irrigation, and it is not going to  
tear its shirt wailing it up for the  
million club.

COLORADO redeemers gave a negro  
a coat of tar and feathers because he  
"cussed" when asked to give his seat  
at a horse race to Governor McIntire.  
Redemption is a great thing.

JAMES HOGAN, one of the directors  
of the American Railway Union, and  
who served time with Debs in the  
Woodstock Jail has been nominated  
by the Utah populists for congress.

A STRANGE fish has been captured  
in the Northern Pacific ocean at a  
great depth, and when brought to the  
surface it died. It is supposed to be-  
long to the school of suckers that, last  
year, voted to restore confidence.

WHAT remedy do the republicans  
offer for the ills of the body politic.  
They offer absolutely nothing, in fact,  
they are advocating the doctrine of the  
Christian scientists, which teaches that  
all our ills are largely imaginative.  
Are we not right?

"Old confidence" and his chum  
"returning prosperity" have taken a  
rest for awhile. With no prizes  
offered for boom corn at all, and  
farmers burning corn for fuel have  
had the effect of closing these fellows  
mouths.

IF Kansas republicans are success-  
ful this year it means that the same  
old gang of political chysters will go  
as delegates to the national conven-

tion. If they are turned down it may  
mean new blood being crowded for-  
ward in that party. It is then to the  
interest of the honest republicans to  
vote the populist ticket this fall as a  
rebuttal to the old gang.

THE republicans can point with  
pride to Secretary Kinkel's prompt-  
ness in making dates for their speakers.  
John keeps on publishing them in the  
News, notwithstanding the fact, that  
half of their meetings have been at-  
tended by less than a dozen voters and  
a great number of them have been  
indefinitely postponed.

BENNY RAGLAND is one of the best  
fellows on earth and just why he has  
secured the services of that worn out  
political hack Fred Palmer, who got  
rotten before he got ripe, to canvass  
the county and try to blacken the  
character of honest upright Fay Smith,  
is beyond our comprehension. Fred  
Palmer is a Jonah Ben.

Tom Watson, the Georgia populist,  
is again beaten in his race for congress.  
The congressional election in his dis-  
trict last week was peculiar in many  
respects. The successful contestant  
in last year's election resigned because  
allegations of fraud had been made  
and voluntarily submitted the case  
anew to the people. His action seems  
to have won him both sympathy and  
votes, for he ran ahead of his own re-  
cord the previous year.—Burton  
Graphic.

It seems impossible for a redeemer  
to tell the truth. If the Graphic  
editor will examine the election re-  
turns from the 10th Georgia district  
he will find Watson reduced Black's  
majority nearly 6,000. Black's major-  
ity in '94 was 7,363, in '95 it was 1,000.

It wasn't W. E. Burns, who once  
said, "The best laid plans of mice  
and men often go to thunder," but he fully  
understands what his ancient ancestor  
(by name) meant.
